

PCE Europe Board meeting 6th June 2012.

Present : Clair Higgon (Minutes), Sylvia Rasch-Owald, Willi Roes, Angelique Timmerman, Andrea Uphoff

In Attendance: Simone Anderhub

Apologies: Danae Marinakis

1. Approval of minutes.

The minutes for May 2012 were late in going to the board and will be approved via email correspondence.

2. Roundtable conference presentation.

Sylvia has put together a presentation and translated it into German; Willi will make a French translation. Angelique will look for some pictures to add to the text and the timings offered by Clair were agreed as a useful structure that would need to be adjusted on the day according to attendance.

3. Task for the new board.

It was agreed that the **current** board would suggest that the new board look at the training criteria and discuss adding more detail to this to ensure that what constitutes quality training is clear to groups making an application for membership.

4. Request for membership from group in Cyprus.

Willi received a request for membership and as yet does not have the completed paperwork. He will circulate this via email once it arrives.

Action : Willi

5. General Assembly preparation.

Willi will prepare the activity report and summarise it for presentation at the World Association meeting.

Andrea will present the financial report and accounts.

Angelique will talk members through the changes to the statutes.
